

PLANET PROJECT OVERVIEW

2022/Dec/15
DHG Corp/COQOO
CEO AKIO ITO

PLANET PROJECT MAINNET PRODUCTS BETA LAUNCH

We had completed Our MainNet Products by using HyperLedger.

Functions

- Safe Send Crypto Asset and Stable Coin and NFT
- Payment Module
(Merchant can send invoice and payment)
- Deposit and Withdraw (Crypto Exchange Module)
- Refundable Payment Support
- No Hackers! System Can
“BLOCK ASSET and Transactions”
- This System Made by Japanese Licensed
“Crypto Asset Provider”

BLOCKCHAIN SYSTEM

The screenshot shows the PLANET Blockchain System interface. It features a 'Block Scan' button and two main sections: 'Latest Blocks' and 'Latest Transactions'. The 'Latest Blocks' section displays a table with columns for Block, Transaction Count, and Time. The 'Latest Transactions' section displays a table with columns for Txid, Block, Creator, and Time.

Block	Transaction Count	Time
23	0 Transaction	December 14, 2022 00:23:35
22	0 Transaction	December 14, 2022 00:22:47
21	1 Transaction	December 13, 2022 23:57:29
20	1 Transaction	December 13, 2022 23:38:57

Txid	Block	Creator	Time
f0446a2185bd4391a0d1e1cd3...	21	5001500150012	December 13, 2022 23:57:29
d9fd3480a68d29e4fee793f1da...	20	5001500150012	December 13, 2022 23:38:57
b9c80187f552605354f3aa29c2...	19	admin	December 13, 2022 23:37:24

The screenshot shows the PLANET Blockchain System interface displaying 'Transaction Lists'. It features a 'Block Scan' button and a table with columns for srcAccountid, destAccountid, assetid, amount, source_id, and source_type. Below the table, there is a 'Raw Data' section showing a JSON object representing the transaction details.

srcAccountid	destAccountid	assetid	amount	source_id	source_type
5001500150012	500150011	pla	1000	166	Transaction

```
Raw Data:
{
  "transferAsset": {
    "srcAccountid": "5001500150012",
    "destAccountid": "500150011",
    "assetId": "pla",
    "amount": "1000",
    "source_id": "166",
    "source_type": "Transaction"
  }
}
```

Easy to Understand.

Source Account to Destination Send Planet Coins(Token) amount 1000.

All Activities monitored AML/CFT based Transaction.

Safe for use this products. **(Bye! Hackers!)**
